

Our Mission Statement – the reason our College exists

“Learning & Growing in the Light of the Gospel”

With Christ at the centre of our learning, we:

- *Help young people to achieve their greatest potential*
- *Guide their intellectual growth, nurture their God-given talents, and inspire them to live in service to others*
- *Aim to develop honest, confident, responsible and compassionate members of society, based on the educational values of Blessed Antonio Rosmini*

Our Vision Statement – the long-term change resulting from our work

‘ Encouraging Big Ideas’

Ratcliffe’s unique educational offering based on our College motto, “Legis Plenitudo Charitas”, Love is the fulfilment of the Law, provides a perfect context within which young people may acquire the emotional knowledge and interpersonal skills necessary to live happy and purposeful lives. The College’s inclusive Catholic ethos is complemented by the outstanding quality of our College community through which our Mission, “Learning and Growing in the Light of the Gospel”, serves to nurture resilience and develop maturity. Young people leave Ratcliffe with a strong sense of who they are and their purpose in the world, equipped socially, emotionally, morally and spiritually to go forth and make a difference to the communities in which they live and work.

EYFS Tapestry Staff User Agreement

Rationale and Introduction

Ratcliffe Nursery ensures that all children attending the setting have a personal online Learning Journey which records photos, observations and comments, in line with the Early Years Foundation Stage, to build up a record of each child's achievements during their time with us. This is shared with parents. The online system being used is Tapestry. Tapestry will show children's developmental progress through the different age bands of the EYFS. The Head of EYFS will be able to monitor all observations.

Procedures

- A child's Learning Journey is a document recording their learning and development and parents may add comments on observations or contribute photos, videos or information about activities they have been doing at home.
- The child's class teacher or key worker is responsible for the compilation of their Learning Journey.
- All Ratcliffe College Nursery Staff can access and input new observations, photos and videos to any child in Nursery.
- A child's parents can access their child's Learning Journey from any device via a personal, password-protected login.
- Parent access allows input of new observations and photos or the addition of comments on existing observations and photos.
- Observations input into the Tapestry system are moderated by the Head of EYFS.
- Parents logging into the system are only able to see their own child's Learning Journey.
- Parents are asked to sign a consent form asking whether they allow their child's image to appear in other children's Learning Journeys, and to protect images of other children that may appear in any photos contained in their child's Learning Journey.
- The Learning Journey is started once the child begins Nursery.
- New observational entries to a child's Learning Journey will usually be uploaded within one week of the observation being made.
- Photographs are on Ipads, cameras and stored on the Shared Area or Google Drive. Ipads and cameras are not taken off the school premises, unless being used to photograph children on a school trip outside of Nursery or permission has been granted by the Head of EYFS. In the unusual circumstance of remote distance learning taking place, staff will be permitted to take an Ipad home to enable them to use Tapestry and lead distance learning from home. Ipad's will have a secure pin code so that only Nursery staff can access it off site. Wherever possible, all photographs should be permanently deleted from the iPad before it leaves the school premises. Staff are not permitted, under any circumstance, to download any photos from Tapestry to their own personal devices.

Security

- The Tapestry on-line Learning journey system is hosted on secure dedicated servers based in the UK.

- Access to information stored on Tapestry can only be gained by unique user ID and password.
- Parents can only see their own child's information and are unable to login to view other children's Learning Journeys.

As a member of staff working at Ratcliffe College Nursery I will ensure:

- I will adhere to the school's Policy on Acceptable Use of Camera's and Mobile Phones.
- I will not download any photos from the school iPad onto my own personal device.
- I will not pass on my personal login details to any other person.
- To the best of my ability, I will ensure that I will not upload photographs of a child in a group observation or photograph when their parent has requested that their child does not appear in another child's Learning Journey.
- I will immediately tell the Head of EYFS or Tapestry team at FSF HQ (tapestry.support@eyfs.info) if I believe someone else is accessing my account.

Review:

This policy is reviewed annually by the Head of EYFS.

Academic Year

September 2022

I have read the Tapestry Staff User Agreement and will adhere to the procedures outlined.
